

TABACCO/NICOTINE FREE ENVIRONMENT

School District premises, including school vehicles, are off limits for smoking and the use of tobacco products, **including the use of look- a- like products.** This requirement extends to employees and visitors. This policy applies at all times, including school-sponsored and non-school sponsored events.

Persons failing to abide by this request are required to extinguish their smoking material and cease the use of tobacco products or leave the school district premises immediately. It shall be the responsibility of the administration to enforce this policy.

Any employee or student who is found to violate said prohibition of tobacco use in Keota buildings shall be subject to disciplinary action by the school administration.

Additionally, the use of e-cigarettes is not permitted on school premises or in school vehicles.

Policy 906 UNMANNED AIRCRAFTS – DRONES
Code No. 906

The following policy applies to the extent not preempted by federal or state regulatory jurisdiction regarding unmanned aircrafts. For purposes of this policy, the term “unmanned aircraft” means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft.

The Keota Community School District believes in maintaining the safety, security, and privacy of students, employees, and visitors. In keeping with this belief, the use or possession of unmanned aircrafts is prohibited on district property or in the space above the property that reasonably can be considered part of the district property.

The superintendent may make an exception to this policy in specific cases where the circumstances warrant such exception. In such situations and prior to approval, unmanned aircraft operators shall:

- Supply proof of insurance meeting liability limits established by the district;
- Present appropriate registration and authorization issued by the Federal Aviation Administration (FAA);
- Sign an agreement holding the district harmless from any claims of harm to individuals or damage to property; and
- Meet additional requirements as determined appropriate by the district.

If the unmanned aircrafts are operated as part of the district curriculum, prior to adoption into the curriculum, district employees shall work with district administration to ensure the appropriate insurance, registration, and authorizations are in place.

Unmanned aircrafts shall be operated in accordance with Iowa High School Athletic Association and Iowa Girls Athletic Union policy.

Failure to abide by this policy may result in local, state, and federal penalties if applicable.
