TESTING PROGRAM

A comprehensive testing program is established and maintained to evaluate the education program of the school district and to assist in providing guidance or counseling services to students and their families.

No student is required, as part of any applicable program, to submit to a survey, analysis or evaluation which reveals information concerning:

- political affiliations or beliefs of the student or student's parents;
 - mental and psychological problems of the student or the student's family;
 - sex behavior and attitudes;
 - illegal, anti-social, self-incriminating and demeaning behavior;
 - critical appraisals of other individuals with whom students have close family relationships;
 - legally recognized, privileged and analogous relationships, such as those of lawyers, physicians and ministers;
 - religious practices, affiliations or beliefs of the student or student's parent;
- or
- income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

It is the responsibility of the board to review and approve the evaluation and testing program.
